

DVR with VideoGuard

Digital Video Recorders

PART NUMBER: DVR410/S DVR810/S

DVR410-250/S

Digital Video Recorder

PART NUMBER: DVR410-250/S

The Circuitlink DVR System is Australia's first Digital Video Recorder specifically built for mobile applications. Designed to operate in a demanding environment where vibration and Temperature and Humidity extremes are normal, the DVR410 delivers superior image quality and operating simplicity.

With up to 4 cameras and real-time audio, recording and playback rates of up to 50 frames-per-second are achievable. Two x Zoom, Quad Image and Picture-in-Picture combined with Push Button simplicity, USB Downloading and Security Encryption make the DVR410 the best choice for Coaches, Buses, Police and Emergency Services.

Specifications

Dimensions:	160 x 230 x 320mm
Power:	12 - 24V DC
Playback Format:	PAL & NTSC
Camera Format:	PAL (NTSC on request)
Camera Input:	4 Channels
Playback Resolution:	720x484 (NTSC) or 720x576 (PAL)
Frames Per Second:	60/50 fps for NTSC/PAL
Footage Storage:	3.5" IDE Hard Disk Optional SATA drive on request

DVR810-250/S

Digital Video Recorder

PART NUMBER: DVR810-250/S

The Circuitlink DVR System is Australia's first Digital Video Recorder specifically built for mobile applications. Designed to operate in a demanding environment where vibration and Temperature and Humidity extremes are normal, the DVR810 delivers superior image quality and operating simplicity.
